Hello,

As the COVID-19 pandemic continues to unfold, New Image Cleaning Services is keeping the safety and well-being of our employees and you, our customers, as our main priority. We hope that you and your loved ones stay safe and healthy during these unprecedented difficult times.

Our priority has been to help our employees and customers stay safe. It is why we have implemented stricter guidelines when providing cleaning services to our customers. We understand that maintaining your home and business clean is crucial and we are here to help.

To fight COVID-19 we have also acquired new antibacterial Clorox Total 360 Disinfectant cleaner to utilize when performing our services. We understand the well-being of you and your family is important, that's why we now offer disinfectant fumigating services in addition to our normal cleaning services. Also remember we have Carpet Cleaning service as well and we suggest to disinfect and clean it, remember the virus can be anywhere in our home.

If you have questions or would like to book any of our cleaning services, please call 602-930-6639. Until then, please continue to take the necessary steps to keep yourself and loved ones safe.

Jorge Azuri,

New Image Cleaning Services,
